

Screen Up® Joiner Post

Screen Up / Screen Up® Freestanding

- Two-way: joiner or end post
- Available in 1.1m and 2m heights
- Quick and easy to set up - professional looking results
- Long-life powder coated aluminium

VERSATILE: JOINER OR END POST

Whites Screen Up Freestanding Joiner Post is a versatile and decorative addition to the Screen Up range. Build a complete privacy screen that spans longer distances without wall or post support. It anchors securely to the ground for a complete freestanding solution.

Easy as 1-2-3:

1. Position and fix the post
2. Measure and cut timber to size
3. Insert timber, spacers and end caps

The 2-way post is a rectangular profile and can be used as a joiner for straight runs of screening or as an end post. It is available in 2 heights: 1.1m and 2m.

The 1.1m pack comes with step-by-step assembly instructions and contains:

- 2-way Joiner Post (x1)
- 19mm Spacers (x19)
- 10mm Spacers (x4)
- Brace/Cover Strip (x1)
- Lock-in Brackets (x2)
- Post Cap (x1)

As a general guide, the 1.1m post will hold 10 slats @ 90mm width or 12 slats @ 70mm width.

The 2m pack comes with step-by-step assembly instructions and contains:

- 2-way Joiner Post (x1)
- 20mm Spacers (x44)
- 10mm Spacers (x2)
- Brace/Cover Strip (x1)
- Lock-in Brackets (x2)

- Post Cap (x1)

As a general guide, the 2m post will hold 18 slats @ 90mm width or 22 slats @ 70mm width.

Also available in 3-way configuration, [click here](#) for more information.

Handy Hints:

- Select the correct mounting base: if you are fixing the post to an existing surface, use the Base Plate (code 16860), if you are pouring your own concrete base, use the Anchor Plate (code 16861).
- For greater privacy, or the slimline look, use Screen Up Slimline Spacers (16870) that provide a 10mm gap between slats (regular gap 20mm).
- Button head screws (15mm) are recommended for fixing bracing and lock-in brackets.
- Use with Screen Up Wall Mount for a wall-mount start or end. Both freestanding and wall-mount systems fit together perfectly to create an integrated privacy screen.

PRODUCT SPECIFICATIONS

Code	Product Name	Length (mm)	Finish	For Timber Depth (mm)	Colour
16852	Freestanding Joiner Post	1100	Powder-Coat	19	Black
16850	Freestanding Joiner Post	1975	Powder-Coat	19	Black
