

Garden Tiles

Surface Protection / Garden Tiles

- Safe & stable pathway
- Weatherproof non-slip material
- Construct a path in seconds
- Available at selected Bunnings New Zealand stores only. Please check with your local NZ store.

STABLE PATHS AROUND YOUR HOME

Whites Plastic Non-Slip Garden Tiles create stable paths across lawns, between garden beds and around the home. It is a non-slip plastic that allows for a steady walkway on grass and muddy areas. They are robust polymer tiles: no foundations or gravel is required. Simply clip together on up to four sides to create pathways of any width or length. Each pack provides 0.45sqm coverage.
