Veggie Growing / Veggie & Tomato Cages

- Support growing plants and vegetables
- Quick and easy to set up
- Spiked feet fix securely into soil

QUICK AND EASY VEGIE GROWING

Whites **Veggie Cage** is a quick and easy way to train growing climbing plants and vegetables. Simply press the spiked feet into the soil and you're ready to go. The broad top supports plant as they grow. Available in Black, or Heavy Duty Galvanised steel.

Whites **Veggie Tower** is multi-purpose plant support with interlocking sections that allows you to create custom support for climbing vegetables, fruits and flowers. It features large openings for easy harvesting. Folds flat for storage and is re-usable year after year. This modular system converts to various shapes to suit your growing needs: Cage, Alcove, Wave or Trellis.
