

Oxy-Shield® Rainforest Screen

Oxy-Shield / Oxy-Shield® Decorative Panels

- Architectural feature
- Laser-cut design
- Unique rust-look

DECORATIVE SCREEN WITH NATURAL EARTHY TONES

Bring new life and a touch of zen to your outdoors.

Whites Rainforest Oxy-Shield Garden Screen lets you personalise your back yard with a wall mount or freestanding feature screen, and adds a modern style to your outdoors.

Each panel features a laser cut, architecturally-inspired design.

About Oxy-Shield

Oxy-Shield is a specially formulated landscaping steel designed to impart a decorative rust-look without the inherent degradation of regular steel. The surface oxidises to form a protective coating resistant to corrosion and flaking - a durable long-lasting steel.

Rustic tones will further develop and enhance over time; to accelerate the effect, spray regularly with a fine mist of water. With a rich, earthy patina - a favourite amongst landscapers, the decorative finish blends effortlessly into any backyard or courtyard setting and with traditional and modern gardens.

Handy Hints:

- This design lets 21% of light through.
- Position carefully.
- Screen should not come into contact with aluminium or zinc products. Rust run-off can stain surrounding areas.
- Beware of sharp edges.
- Always wear gloves to avoid cuts and abrasions.

PRODUCT SPECIFICATIONS

Code	Product Name	Height (mm)	Width (mm)	Finish
18490	Oxy-Shield Rainforest Screen	1800	900	Oxy-Shield
