

Black Retain-iT® 75mm System

Retain-iT / Retain-iT® Post System

- Converts timber sleepers into timber retaining walls up to 600mm high
- 75mm system suits all 75mm timber sleepers
- Heavy duty, robust steel construction
- High tensile galvanised steel for long life
- Black powder-coated finish
- Available at selected stores only - check with your local store for availability.

HEAVY DUTY RETAINING POST SYSTEM, SLEEK BLACK LOOK

Easy to use solution for creating solid, aesthetically pleasing retaining walls from timber sleepers

Whites Retain-iT provides a snug fit so that the sleeper is dropped in and immediately secure. No packing or fastening is required.

Available in three configurations:

- Corner Post - for perfect 90-degree corners
- Joiner Post - for joining sleepers in a straight line
- End Post - for a neat finish to your wall

As functional as it is beautiful, the system has the strength and long-life of high tensile galvanised steel, powder-coated for a sleek black finish. It is flexible enough to cater to single, double and triple sleeper heights.

Retain-iT 75mm systems suit timber sleepers that are 75mm wide. For 50mm wide sleepers, use Retain-iT 50mm system.

Handy Hints:

- Check with your local council for regulations regarding retaining walls.
- When installing Retain-iT, concrete one post at a time adding sleepers as you go to ensure a straight wall
- For a different look, add a layer of timber capping to the top of the wall - it makes for great seating too
- Designed with 15-degree tolerance, so you can create 'curved' walls at special angles

PRODUCT SPECIFICATIONS

Code	Product Name	Height (mm)	Finish	Suits	For Timber Depth (mm)	Colour
16244	Retain-iT Joiner Post	450	Powder-Coat	1 Sleeper	75	Black
