

Jute Netting

Vegie Growing / Vegie Frames & Panels

- Strong plant support
- Ideal as a trellis
- Natural fibres & environmentally friendly
- Biodegradable & recyclable

SUPPORTS CLIMBING PLANTS

Whites Jute Netting is perfect for all kinds of organic gardening. The natural colours blend into the garden. Use as a trellis to support climbing plants such as peas, runner beans and sweet peas. Netting aperture measures 100mm x 100mm; overall size 3m x 1.2m. Made from natural fibres that are biodegradable, recyclable and environmentally friendly.

Did you know?

Jute fibre comes from the stem and ribbon (outer skin) of the jute plant. It is produced primarily from plants in the genus *Corchorus* and is the second most important vegetable fibre after cotton, in terms of usage, global consumption, production and availability. Jute has low pesticide and fertilizer needs.
