

A100 Project Mesh

Mesh & Netting / Project Mesh

- High in strength and durability
- For fencing, partitioning, racks and safety screens
- Suitable for industrial applications

2.00MM MULTI-PURPOSE GALVANISED MESH

Whites A100 Project Mesh is manufactured from 2.00mm galvanised wire and is high in strength and durability. The mesh aperture is 100mm x 100mm using medium tensile wire. Suitable for a wide range of applications, it can be cut to shape using bolt cutters, or bent and fabricated as required. Available in 10m and 30m lengths to suit various projects.

Suitable Applications:

- **Security** - Window Guards, Grilles, Gates, Fencing
- **Safety** - Stairway and Balustrading infills
- **Trade and Industrial** - Safety Barriers, Scaffold Guards, Shelving, Racking, Partitioning, Lockers, Security Compounds, Pallet guards
- **DIY** - Hanging racks, Box trailers, Trellis, Tree guards

Handy Hints:

- Project Mesh is available in different apertures to suit the design and construction of your project.
- To join Project Mesh sections, use Whites Netting Clips. For heavy duty applications, we recommend Whites Handy Panels.
- Where a painted finish is desired, it can be sprayed or brushed using a recognised metal painting system. Follow the manufacturer's directions for optimal results.
- To view our entire range of mesh and netting click on the 'shadow board' image in the photo gallery at the top of this page.

Product Data Sheet
