

Mesh and Netting Anchors

Gardening Accessories / Pegs & Pins

- Ground anchors for mesh & netting
- Protect plants from small animals
- Galvanised wire for mesh and netting
- PVC for anti-bird netting
- Quick and easy to install

FOR HOLDING DOWN STEEL MESH AND NETTING

Whites **Mesh & Netting Fence Anchors** are designed to hold down mesh and netting at ground level. They are designed to provide additional protection from animals digging and pushing up garden borders and fencing. Available in packs of 20.

FOR HOLDING DOWN ANTI-BIRD NETTING TO PROTECT WILDLIFE.

Whites **Bird Netting Anchor Pegs** provide a strong anchor system for holding down anti-bird netting. With a unique hook system, these ribbed pegs will provide the perfect anchors for large anti-bird nets, to protect wildlife and prevent entry into the netting enclosure. The Green colour blends well in the garden. Available in packs of 10.
