

Poly Core Clothesline

Clothesline / Poly Core Clothesline

- Strong, flexible, taut when installed
- Attractively colour-matched
- 30m length - fits most retractable and folding clotheslines
- 60m length - fits most rotary, retractable and folding clotheslines

WEATHER RESISTANT, FLEXIBLE AND DURABLE

Whites Poly-Core Clothesline is a robust plastic line with a poly core that provides added strength and flexibility.

The PVC outer layer provides attractive 'Sunflower' and contemporary 'Sandstone' colour-matched finish and houses the inner core that assists the line to be taut when installed.

The two sizes are designed to fit most retractable and folding clotheslines.
