

Reo Mesh Sheets

Concreting / Reo Mesh

- Ribbed profile
- For small concreting jobs
- Easy to handle and transport
- Ideal for DIY and trade use

REO MESH IN HANDY SIZES

Whites Reo Mesh Sheet is used in preparation for concreting. Its handy pre-cut size makes it easy to pick up and transport, and it is the perfect size for small concreting jobs such as garden paths and shed slabs.

The ribbed profile improves bonding to concrete and minimises concrete cracking when compared to smooth wire profiles.

Available in handy sheets and rolls. Also available in trench mesh format.

Handy Hints:

- For tips concreting see our information sheets above or to go to our videos page
