

Grip & Grow® 3D Trellis Panel

Decorative Training / Trellis Kits

- Double layer 3D mesh for easy growing
- Modular - freestanding or wall/fence mount
- Long-lasting powder-coated steel wire
- Architecturally inspired
- Includes 4 mounting clips for wall or post-mounting

MODULAR SYSTEM FOR GROWING PLANTS & VEGIES

Grips as it grows

Whites Grip & Grow 3D Trellis & Garden Panel transforms any vertical surface into a living breathing wall and adds interest and beauty with natural growing plants.

Made from durable powder-coated steel; it's an easy DIY vertical garden wall. The ribbed bar provides additional grip to hold growing vines as they grow. Grip & Grow is robust and durable enough to re-use year after year.

Measures: 915mm wide, 50mm deep and 915mm high with 2mm wire diameter.

Suits any space!

MODULAR CONFIGURATIONS

Each panel measures 915x915x50mm

with posts

vertical

horizontal

Handy Hints:

- Four mounting clips can be flush mounted to walls or posts
- Use spacers to offset the panel and enhance the 3D effect
