

Wire Joiners & Strainers

Fencing Tools & Accessories / Fencing Tools

- Wire Strainers - re-tighten fencing over time to prevent wire sag
 - Available in two styles
 - Galvanised steel construction
- Wire Joiners - 1.8mm to 3.2mm wire
 - Use with soft or high tensile wire
 - Maximum load 4kN (900lb)

PERMANENT WIRE STRAINERS & JOINER

Ratchet Style Permanent Wire Strainers

Galvanised steel ribbed frame

- Smooth ratchet action
- Up to 4.00mm wire
- Tapered spool for ease of starting and aligning wire
- 16mm (5/8") square drive
- Stays on the fence line
- Tighten wire when it sags - simply with a spanner
- Available in 2pk at Bunnings stores

Handyman Style Permanent Wire Strainers

- Cost-effective wire strainer
- Up to 2.50mm wire
- Stays on the fence line
- Tighten wire when it sags - simply with a spanner

Joining Soft, Medium and High Tensile Wires

Whites Wire Joiners are strong and easy to use and ideal for joining and repairing wires quickly and safely. They securely lock in place.

They are designed to suit 1.8mm to 3.2mm wire and hold up to 900lb (4kN) of strain.
