

## Fire Retardant Gutter Bristles

Gutter Protection / Gutter Strip Systems

- Durable fire retardant material
- Tested by CSIRO with flammability index of "0"
- Easy installation and maintenance

### TESTED BY CSIRO

Whites Fire Retardant Gutter Bristles are designed to keep leaves and debris out of gutters and downpipes. Made from durable fire retardant material and tested by the CSIRO, they will not continue to burn when direct flame is removed.

Test results indicated a Spread Factor of '0', a Heat Factor of '0' and an overall Flammability Index of '0' (based on testing October 2016).

Easy to install, simply drop them into your gutter and they are ready to go to work for you. Suitable for gutters, and available in 1m lengths and two widths: 110mm wide and 125mm wide (QLD).
