

Dig Stop

Plant Protection / Deterrent Spikes

- Safe to birds and people
- Quick and easy to install
- UV protected

CLEVERLY ACTIVATED BY THE SLIGHTEST WIND GUSTS

Whites Dig Stop helps prevent dogs and other wildlife from digging holes in your lawn or garden beds. It can also be wrapped around trees and poles to deter cats or possums from climbing.

Installation instructions:

1. Measure the area to be protected and cut the roll to the desired length.
2. Clear any debris from the intended area and secure the strips with fixing pins.
3. If used in garden beds or soft ground, strips can be shallow buried under soil.

Handy Hints:

- Connect strips together to cover larger areas.
- Fixing pins are cleverly moulded into roll, remove before use.
