

Enviro Tie

Plant Tying / Natural Plant Ties

- 100% cotton
- Extra soft
- Natural fibres & environmentally friendly
- Biodegradable & recyclable
- Knitted fabric for strength

MADE FROM AUSTRALIAN COTTON

Whites Enviro Tie is a soft and gentle plant tie for all occasions.

Easy to use and handle, this 100% cotton has strong knitted weave fabric, which offers excellent strength to secure all types of plants and shrubs in your garden with a minimum fuss.

Extra soft, it's ideal for use as tomato ties.

Also great for bundling and tying around the home, shed or for council clean ups.

Made from natural fibres that are biodegradable, recyclable and environmentally friendly.

Made in Australia from Australian cotton.

Did you know?

Cotton is a soft, fluffy staple fibre that grows in a boll, or protective case, around the seeds of the cotton plants of the genus Gossypium. The fibre is most often spun into yarn or thread and used to make a soft, breathable textile. The use of cotton for fabric is known to date to prehistoric times.
