Natural and Sustainable Cork

Whites Garden Up Cork Planters add a contemporary style to your home or garden! Perfect for personalising your indoors or backyard with your choice of attractive plant or floral displays.

Made from natural and sustainable cork material, featuring a soft fine texture and a polymer liner, these planters are stylish, durable and strong.

Available in two designs: Natural and Gold Fleck.

Handy Hints:

- Use a premium quality potting mix (Australian Standards logo with four ticks) and water regularly.
- Depending on your plants, it's best to maximise the amount of natural light by positioning the plants in a sunny, north facing position.
- Always ask your gardening expert for the best plant varieties to suit your region and time of year.
