

Retain-iT® 50mm System

Retain-iT / Retain-iT® Post System

- Converts timber sleepers into timber retaining walls up to 800mm high
- 50mm system suits all 50mm timber sleepers
- High tensile, galvanised for long life
- Heavy duty, robust steel construction

HEAVY DUTY RETAINING POST SYSTEM

Easy to use solution for creating solid, aesthetically pleasing retaining walls from timber sleepers

Whites Retain-iT provides a snug fit so that the sleeper is dropped in and immediately secure. No packing or fastening is required.

Available in three configurations:

- Corner Post - for perfect 90-degree corners
- Joiner Post - for joining sleepers in a straight line
- End Post - for a neat finish to your wall

As functional as it is beautiful, the system has the strength and long-life of high tensile, galvanised steel and is flexible enough to cater to single, double, triple and quadruple sleeper heights.

Retain-iT 50mm systems suit timber sleepers that are 50mm wide. For 75mm wide sleepers use, Retain-iT 75mm system.

Handy Hints:

- Check with your local council for regulations regarding retaining walls.
- When installing Retain-iT, concrete one post at a time adding sleepers as you go to ensure a straight wall
- For a different look, add a layer of timber capping to the top of the wall - it makes for great seating too
- Designed with 15-degree tolerance, so you can create 'curved' walls at special angles

PRODUCT SPECIFICATIONS

| Code | Product Name | Height (mm) | Finish | Suits | For Timber Depth (mm) |
|-------|-----------------------|-------------|------------|------------|-----------------------|
| 16041 | Retain-iT Joiner Post | 450 | Galvanised | 1 Sleeper | 50 |
