A50 Project Mesh

Mesh & Netting / Project Mesh

- High in strength and durability
- For fencing, partitioning, racks and safety screens
- Suitable for industrial applications

2.00MM MULTI-PURPOSE GALVANISED MESH

Whites A50 Project Mesh is manufactured from 2.00mm galvanised wire and is high in strength and durability. The mesh aperture is 50mm x 50mm using medium tensile wire. Suitable for a wide range of applications, it can be cut to shape using bolt cutters, or bent and fabricated as required. Available in three different heights: 90cm, 120cm and 180cm to suit various projects.

Suitable Applications:

- **Security** - Window Guards, Grilles, Gates, Fencing
- **Safety** - Machinery Guards, Ventilator Guards, Stairway and Balustrading infills
- **Trade and Industrial** - Safety Barriers, Scaffold Guards, Shelving, Racking, Partitioning, Lockers, Security Compounds, Pallet guards
- **DIY** - Hanging racks, Box trailers, Trellis, Tree guards, Dog fencing, Boundary fencing.

Handy Hints:

- Project Mesh is available in different apertures to suit the design and construction of your project.
- To join Project Mesh sections, use Whites Netting Clips. For heavy duty applications, we recommend Whites Handy Panels.
- Where a painted finish is desired, it can be sprayed or brushed using a recognised metal painting system. Follow the manufacturer's directions for optimal results.
- To view our entire range of mesh and netting click on the 'shadow board' image in the photo gallery at the top of this page.
