Lawn Edge

Garden Edging / Edging Rolls

- Acts as a barrier to weeds and grass
- Keeps mulch in place
- Rot-proof and maintenance-free
- Cost-effective border
- Available in Black and Green

FINISHING TOUCH FOR GARDEN BEDS AND PATHWAYS

Whites Continuous Lawn Edge is an attractive and economical way to keep out weeds and grasses that can spoil garden beds. Used correctly, it can save you time in the garden.

Installation: Simply dig a small trench where edging is required. Insert at least half of the edging into the trench and back fill. Overlap any ends if using more than one roll.
