

# Garden Up® Herb Rail Planter Planter Pots / Garden Up® Rail Mount

- Suitable for herbs and potted colour
- Quick and easy to set up
- BPA-free pots
- Ideal for backyards and balconies
- Includes safety clips to secure pot

#### **BRING YOUR BALCONY TO LIFE!**

Turns any wall, fence or vertical space into a living, growing Green wall or edible garden.

Whites Garden Up Herb Planter incorporates a frame, ideal for hanging over rails and fences. Includes safety clips to secure pot.

Bring new life to your balcony or garden and turn it into a living, growing Green wall or edible garden with your choice of edible crops such as herbs, salad leaves and strawberries or an attractive floral display.

Featuring a water-smart design with an integrated saucer, it conserves excess water and prevents over-watering. Perfect for growing vegetables as they are BPA free.

### Handy Hints:

- If placing on a balcony rail, position the planter on the inside of your balcony for safety.
- Use a premium quality potting mix (Australian Standards logo with four ticks) and water regularly.
- Depending on your plants, it's best to maximise the amount of natural light by positioning the plants in a sunny, north facing position.
- Always ask your gardening expert for the best plant varieties to suit your region and time of year.
