

Garden Gabions

Rocks & Pebbles / Garden Gabions

- Decorative & versatile
- Long-life galvanised steel
- Simply clip together to assemble
- Available at selected Bunnings stores only - Please check with your local store

VERSATILE, FUNCTIONAL, ON-TREND

Whites Garden Gabions are a versatile solution for your garden.

Stylish and functional, they can be used for garden borders, benches or garden beds. Simply fill with natural stones or pebbles that are at least 50mm in size.

Made from galvanised wire for long life, they resist weather and corrosion.

Available in Cube, Rectangle and Wall models.

Build in 3 easy steps:

1. Secure the bottom and sides of gabion with clips provided.
2. To assist with filling, use lightweight AAC block, polystyrene, drain pipe or similar material positioned inside the gabion where it cannot be seen once filled. Then fill around with chosen stones or pebbles.
3. Finally, secure gabion top with clips provided once filled.

Handy Hints:

- Gabions must be moved to desired position before filling
- Rock fill must be over 50mm in size
