Thinking Outside
think **WHITES**

Thinking *Outside*

Think Whites

for innovation & products that work
for inspiration & a job well done
for the feeling of doing it yourself

Our aim is better ideas for your home and in your garden.

So when you're thinking outside, you think of Whites.

Our Thinking, that you require uncomplicated products that are easy to use, install, and do the job well,
is applied to products that are designed for outside projects to enhance your outdoor living space.

It's what drives us.

Our key brands feature clever-thinking solutions like Garden-Up, Retain-iT,
Screen Up, Oxy-Shield and Grip & Grow.

Our heritage range includes tie wire, mesh and netting, and Ultraposts;
all designed to add to your outside experience.

Thinking Outside, Think Whites

Clever Thinking for Outside Projects

We do the thinking to make
your outside projects easier

Contents

Welcome to Whites - Thinking Outside

Providing better ideas and smarter solutions for your home and your garden - so when you're thinking outside, you think of Whites.

For the most up-to-date range, and extra information, please visit our website at www.whitesgroup.com.au

Retain-iT is the modular retaining wall system that converts sleepers into walls.

As functional as it is beautiful, Retain-iT is an easy-to-use solution for creating solid, professional looking retaining walls from timber sleepers.

- Strength of high tensile galvanised steel
- Developed in Australia, Australian Design Registered
- Provides snug fit - no packing or fasteners required

Whites Group is an Australian family owned company dedicated to meeting the needs of rural and hardware markets through innovative design solutions, and producing quality products at a competitive price.

Our determination to be the best we can, drives continuous improvement in our product ranges. For the most up-to-date details on all our products, visit our website at www.whitesgroup.com.au

Providing better ideas for your home, your garden and your worksite - so when you're thinking outside you think Whites. Featuring Australian designed solutions such as Retain-iT, Screen Up and Grip & Grow for ease of use and the great feeling of a job well done; and practical solutions like StayMesh for gutters and the Ultrapost for strength and durability in garden fencing.

Our specialist rural arm listening and responding to the needs of Australian farmers and fencing contractors for over 40 years. Continuously developing fencing ideas proven to work on the farm, Whites has pioneered a number of original ideas like Stockpost Ute Pack designed to get the job done with a minimum of fuss. www.whitesrural.com.au
